

October 31st Scrum Meeting

Attendees: Omkar, Prashaant, Khushi, Ben

Type of Meeting: Sprint Planning Meeting (Oct 31st to Nov 21st)

Key Points:

- What each member will be working on in prep for M3
- Additional notes from TA meeting

Goals for Each Member:

- **Ben:** Working on unit tests for classes such as User and Movie
- **Prashaant:** Will finish admin and permissions classes
- **Khushi:** Will be working on [app.py](#), and cleaning up existing code
- **Omkar:** Will be working on Router class unit testing, and making sure docker set up works

Additional Notes:

- Branches should be named based on what they aim to accomplish
- Main focus on M3 should be backend, need a crude app and docker compose, along with appropriate conventions
